

TDS – MONA-CLEAN WOOD REPLENISHER

Replenishes old weathered timber

DESCRIPTION:

Mona-Clean Wood Replenisher is a specially formulated water based product developed to clean outdoor wooden surfaces to remove the grey oxidised appearance of bare timber.

ADVANTAGES:

- Effectively removes all types of soiling, pollution and stains.
- Returns the timber back to the original colour.
- Suitable for use on all types of external bare timber.
- Easy to apply.
- Economical.
- Ready to use product.

USES:

For use outdoors to clean wood including:

- Decking
- Fencing
- Garden furniture
- Decorative woodwork

COLOUR:

Clear viscous liquid, virtually odourless.

PACK SIZE:

Supplied in 5 Litre jerry cans.

COVERAGE RATE:

This is dependant upon the age and amount of contamination on the wood.

Guidance coverage rate 5-8m² per litre

APPLICATION:

A preliminary test on a small area is advised.

Shake the container well before use.

Use the product neat, do not dilute.

Generously apply by brush to the surface to be treated.

Leave until surface contamination reacts 5-15 minutes depending on surface contamination.

Brushing with a stiff bristled brush or deck scrubber may improve the effectiveness of the product.

Rinse by with clean water and allow to dry.

For extra effectiveness use hot water for rinsing.

EQUIPMENT CARE:

All equipment should be cleaned with water immediately after use.

STORAGE:

Recommended storage is in a cool, dry place with temperatures between 10-15°C.

Do not allow to freeze.

SHELF LIFE:

12 months (in original sealed container).

HEALTH & SAFETY:

Refer to MSDS.
